4.1 Plug and Charge

EN: Default access mode: Plug and Charge, plug in the charging cable and charging session will start immediately.

Safe Start Current: Every time the wallbox is powered on, it will start charging at 10 amps per phase. Adjust the current according to your electrical supply.

FR: Mode d'accès par défaut : Plug and Charge, branchez le câble de charge et la session de charge commencera immédiatement.
Courant de démarrage sécurisé : Chaque fois que la wallbox est mise sous tension, elle commence à charger à 10 ampères par phase. Ajustez le courant en fonction de votre alimentation électrique.

DE: Standard-Zugangsmodus: Plug and Charge: Stecken Sie das Ladekabel ein und der Ladevorgang beginnt sofort.
Sicherer Startstrom: Jedes Mal, wenn die Wallbox eingeschaltet wird, beginnt der Ladevorgang mit 10 Ampere pro Phase. Passen Sie den Strom entsprechend Ihrer Stromversorgung an.

IT: Modalità di accesso predefinita: Plug and Charge, collegare il cavo di ricarica e la sessione di ricarica inizierà immediatamente.
Corrente di avvio sicura: Ogni volta che il wallbox viene alimentato, la ricarica partirà a 10 ampere per fase. Regolare la corrente in base all'alimentazione elettrica disponibile.
